

Chapter : 1601 Ministry of Industry, Trade and Supply

Creation: In 1952, the Ministry of Industry and Trade was established under the name of Ministry of Economy and Trade and as per the Ministry of National Economy Administration Bylaw no. (12) for the year 1971 it became the Ministry of National Economy, in line with the international economic updates, and Jordan's orientation towards economic and trade openness and enhance the free economy mechanisms and market powers, the Industry and Trade Law no. (18) for the year 1998 was issued and as per this law the Ministry of Food was cancelled and its directorates were merged with the directorates of the Ministry of Industry and Trade as the legal successor of the Ministry of Food.

Vision : Contributing to building and re-inforcing global and national diverse competitive economy in participation with the private sector to upgrade the standard of living of citizen.

Mission: Reinforcing business and investment environment, to be more competitive through developing economic policies and legislations to guarantee protection of rights and interests of consumers and the business sector.

Tasks of the Ministry / Department:

- Supervise, regulate, classify, improve the national industry and increase its competitiveness.
- Supervise, regulate, and develop foreign and internal commerce and control markets to the interest of citizen and regulate the selling of basic materials, strategic stock materials, and establish warehouses and other facilities.
- Confine the establishment of private industrial cities with licensing from the Minister of Industry and Commerce according to the principles and conditions defined with a specific regulation.
- Prepare draft economic and commerce agreements and protocols related to the Ministry's work and investment.
- Prepare and follow up the implementation of bilateral and multilateral economic agreements and conduct studies.
- Accept private and public, local and foreign institutions requests to hold commercial and industrial exhibitions in the Kingdom and regulate exhibitions of Jordanian products abroad.

Ministry/Department Contribution to the Achievement of the National Objectives:

- Develop the national economy to be prosper and open to regional and international markets.
- Enhance the government management to be financially stable, transparent and accountable.
- Enable the national economy to accommodate the growing flow of Jordanian labor.

Major Issues and Challenges which face the Ministry / Department:

- Keep in pace with the updation and development of investment laws, regulations and legislations.
- Lack of qualified human resources and jobs leakage.
- The limited information sources and the absence of necessary database to conduct investigations and studies related to program implementation within the strategic plan.

* The Insurance commission was cancelled and its rights and assets devolved to the Ministry of Industry Trade and supply to become the legal and factual successor for it as per law no.(17) for the year (2014) Government Departments and Institutions Restructure law.

Budget Chapter 1601 - Ministry of Industry, Trade and Supply Distributed According to the Program

2815	Industrial and Trade Sector Competitiveness Program																																																															
Objective of the program :																																																																
To develop a policy for competition which enforces market mechanisms through upgrading the capacities of concerned authorities by applying competition law and awareness of its provisions, find a reliable database in conducting studies related to competition in markets, and set competition in some economic sectors. Also, it aims at reaching independence as applicable in the international competition organizations.																																																																
The strategic objective related to the program :																																																																
To maximize the performance of commercial and industrial sectors.																																																																
Directorates associated with the program :																																																																
1- Competitiveness directorate. 2- National Production Protection directorate. 3- Property protection directorate.																																																																
Services provided by the program :																																																																
- Enhance competitiveness and local capacities. - Contribute to improving the investment environment.																																																																
Staff working in the program :																																																																
The program is implemented through a functional staff in 2014 estimated with (114) staff, including (60) males and (54) females .

Budget Chapter 1601 - Ministry of Industry, Trade and Supply Distributed According to the Program

2820	Following Up and Monitoring Trade Markets Program
------	---

Objective of the program :

To ensure the quality of goods and their availability in markets at reasonable prices and to prevent the manipulation of traders with customer's food and thereby preserving the rights of traders and owners of food factories through the effective control on markets and activation of customar protection society.

The strategic objective related to the program :

To develop and activate legislations to protect the rights of consumers and business sector.

Directorates associated with the program :

- 1- Foreign directorates.
- 2- Markets control directorate.
- 3-Industrial development directorate.

Services provided by the program :

- Improve the level of services provided to citizens.

Staff working in the program :

The program is implemented through a functional staff in 2014 estimated with (64) staff, including (54) males and (10) females .
