Chapter: 2705 Prince Hamza Hospital

- Creation : Prince Hamza Hospital was established in 2006, it operates under Prince Hamza Hospital Bylaw No. (90) for the year 2008. The hospital aims at providing heath services and train physicians and workers on different medical and health professions and conduct scientific research which contribute to improving and developing the heath status.
- Vision : To become pioneers in providing the best distinguished specialized medical services in the region.
- Mission : Providing a specialist distinguished, high quality and safe medical care, with a commitment to development and modernization in cooperation with related authorities and optimization of available resources.

Legal Framework: Under Prince Hamza Hospital Bylaw No. (90) for the year 2008 and amendments thereto.

Priorities and targeted results within the determined ceilings for the years 2024 - 2026 :

First Priority :

_ Promoting the readiness of hospital when dealing with epidemics and emergencies.

Key procedures to realize the first priority :

- _ Annual revision and updating of the emergency, disaster and epidemic plan for its adoption.
- _ Simulation and evaluation of the emergency and disaster plan to benefit in updating and modifying the plan.
- Hospital expansion work in some departments and equipping them with the necessary equipment.

First Priority Outcomes :

- **_** Effective response for emergency cases according to emergency plan.
- Providing health and treatment services for sick cases in the most orderly and easy manner so as to reduce the loss of life and taking all necessary measures to ensure the safety of citizens, visitors and workers and providing reassurance and security for them.

First priority-related program :

_ Secondary health care.

Second Priority :

_ Developing unified protocols and references of health services to ensure higher-quality services.

Key procedures to realize the second priority :

- Updating the manual of policies and procedures that contribute to the development of protocols for health services.
- _ Updating the clinical guidance manual to ensure high quality health services provided.
- Training cadres in policies, procedures and protocols and following up their implementation.

Second Priority Outcomes :

- Improving the quality of health care provided for patients and therefore promoting the percentage of service recipients satisfaction.
- Unifying clinical practices based on scientific evidences.
- Facilitating patients treatment with provision of maximum limit of benefit and reducing unnecessary medical interventions.

Second priority-related program :

Secondary health care.

Priority of gender, youth and persons with disabilities :

Providing appropriate health care to patients according to their needs without discrimination based on sex, age, religion, marital status or disability.

Key procedures to realize the priority of gender, youth and persons with disabilities :

- Following up and developing procedures, policies and protocols to address the needs of patients with disabilities and the special and marginalized needs.
- An environmental survey of the hospital to achieve measures and procedures to meet the rights and needs of persons with disabilities and the special and marginalized needs when providing health care.
- Rehabilitation of staff to meet the health and psychological needs of patients with disabilities and special and marginalized needs.
- Providing psychological support and special care for marginalized groups and qualifying staff to provide them with the best health care.

The following outcomes are expected to be realized for the priority of gender, youth and persons with disabilities :

- The hospital's environment is equipped to receive persons with disabilities to reach available health services.
- Providing health care as much as possible to persons with disabilities and marginalized groups who are reviewing the hospital.

Priority-related program of gender, youth and persons with disabilities :

- _ Administrationa and Support Services
- _ Secondary health care.

Priority of climate change :

- _ Adopting medical wastes management program with more secure ways for environment.
- _ Shifting to alternative energy/ renewable energy.

Key procedures to realize climate change-related priority :

- _ Reviewing, approving and developing the medical waste management program.
- _ Implementation of the hospital's accession project to the Southern Amman Solar Power Plant.

The following outcomes are expected to be realized for the priority of climate change :

- Reducing the carbon emissions.
- _ Minimizing financial burden of using fuel for electricity.
- _ Minimizing pollution resulting from burning medical wastes.

Program of climate change-related priority :

Administration and Support Services

Tasks of the Ministry / Department :

- _ Providing health, clinical and diagnosis care of patients
- _ Conducting specialized and qualitative surgeries.
- Providing training opportunities for cadres in the Department of Education and Training and the Center for Training and Studies in the Hospital.
- _ Providing training opportunities for students as per agreements with Jordanian universities and colleges.
- **_** Providing support services for the medical care.
- Available resources management of the hospital.
- Promoting the medical services through the use of IT.
- _ Preserving the rights of patients and staff.

Ministry/Department Contribution to the Achievement of the National Objectives :

- _ Improving the level of health services provided to citizens and fairness in their distribution.
- Reducing levels of poverty and unemployment and building effective social protection.

Major Issues and Challenges which face the Ministry / Department :

- _ Increasing in the number of chronic diseases and therefore increasing demand on health services.
- The demographic transformation of the population, in particular the increase in the number of elderly persons and the increase in the overall population and its subsequent health-care programs.
- _ High costs of the health care
- Political and economic situations in the region.
- Rapid development in the medical sciences.
- Negative practices by the service recipients.
- **_** Weak community participation.
- _ Job opportunities attracting capacities outside the country.

6542 Secondary Health Care Program

Objective of the program :

Supervising and promoting health services provided by the hospital and getting accreditation and improving emergency, child emergency and first aid, improving the readiness of the hospital for response toward urgent cases, reformulate and computerize work systems procedures in the hospital, reduce the consumption of supportive services such as water, electricity, communication and fuels, providing maintenance for furniture, equipment and vehicles, providing stationary, publications, goods and services needed by the hospital, identify its needs of medicine, medical consumables, vaccines and providing them on time, preserving a suitable stock, controling good storage and disbursement in addition to reduce the medicine bill through minimizing the urgent procurement of medicine from the local market (using local purchase orders) and preventing the waste in their use and controling medicine disbursement.

The strategic objective related to the program :

- Improving and upgrading the quality of health services, with the participation of care recipients and ensuring their continuity in a manner that ensures the safety of patients and the participation of service recipients.

Directorates associated with the program :

- Medical Department.
- Nursing Department.
- Supply Department.
- Directorate of Quality and Information Systems.
- Internal Control Unit.
- Pharmacy and Medicine Department.

Services provided by the program :

- Providing support for the Hospital's different activities.
- Providing and conducting the required maintenance for transport means.
- Providing stationary, publications, goods and sevices.
- Improving the provision of hotel services of the Hospital.
- Ensuring the Hospital's needs of medicine, consumables and vaccines through annual official tenders.
- Ensuring the urgent needs of medicine, consumables and vaccines through urgent domestic procurements.
- Preserving strategic stock of these materials.
- Supporting the accreditation of the Hospital.
- Providing maintenance for the building and medical equipment in the Hospital.

Staff working in the program :

The program is implemented through a functional staff in 2023 estimated with (840) staff, including (492) males and (348) females .

(In JDs)
