

Chapter : 2702 High Health Council

Creation : The High Health Council was established under Bylaw No. (21) for the year 1965 and amendments thereto, until the issuance of amended law no. (13) for the year 2017 High Health Council Law which is the last phase for previous efforts in order to find an umbrella for the sectors and different health efforts to establish the outlines of the national health policies and follow up the implementation of these policies at the national level. The General Secretariat of the Council was established in 2002 and provided with qualified technical and administrative personnel.

Vision : An effective health system with human and economic dimension which guarantees quality lifelong health care for all citizens and residents and realizes a distinguished position for the Kingdom.

Mission : Contributing to the formulation of integrated health policies with the participation of all health sectors operating in the Kingdom to ensure comprehensive and sustainable health services for the entire population within a healthy economy that enhances Jordan's leadership position in the field of health care.

Legal Framework : Under Higher Health Council Law No. (9) for 1999 as amended as per Law No. (13) for 2017.

Priorities and targeted results within the determined ceilings for the years 2025 - 2027 :

First Priority :

- Participation in the formulation of public policies for the Kingdom's health sector.

Key procedures to achieve the first priority :

- Establishment of national health sector policy committees.
- Conducting and participating in national studies on the health sector.

First Priority Outcomes :

- Number of national committees established in the High Health Council.
- Number of studies undertaken by the Council or participated in with relevant institutions (Ministry of Health, Royal Medical Services, Official Universities, Private Sector,...).
- Decisions based on evidence within scientific bases that contribute to the formulation of national health policies.

First priority-related program :

- Policies and Coordination.

Second Priority :

- Raising the efficiency of health workers.

Key procedures to achieve the second priority :

- Issuing legislations to improve the quality of health services provided in the public and private sectors.
- Developing the skills and knowledge of health professionals through the adoption of electronic activities and platforms for the purposes of continuous professional development.
- Ensuring damage caused by medical errors by collecting contributions to the Medical Fund against Health and Medical Liability Errors.

Second Priority Outcomes :

- Number of regulatory legislations.
- Periodic reports on health personnel (National Observatory for Health Human Resources).
- Number of approved electronic activities and platforms.
- Amounts collected from the subscribers in the Insurance Fund against Medical and Health Liability Errors.

Second priority-related program :

- Policies and Coordination

Priority of gender, youth and persons with disabilities :

- Promoting the integration of gender, youth and persons with disabilities into the nature of the Council's work, including policies and procedures.

Key procedures to achieve the priority of gender, youth and persons with disabilities :

- Including gender, youth and persons with disabilities in the list of continuing professional development activities.
- Conducting awareness-raising campaigns on the importance of mainstreaming the concept of gender in continuing professional development activities.
- Addressing the institutions concerned with the number of health professionals by gender and including it in the National Health Personnel Observatory.

The following outcomes are expected to be achieved for the priority of gender, youth & persons with disabilities

- Number of awareness-raising campaigns on the continuing gender-sensitive professional development system with sensitivity to young people and persons with disabilities.
- Number of institutions addressed to provide the number of health professionals by gender for inclusion in the National Health Personnel Observatory.
- The policy of distributing human resources in the governorates according to gender, youth and persons with disabilities.

Priority-related program of gender, youth and persons with disabilities :

- Policies and Coordination
- Administration and Support Services

Priority of climate change :

- Participation in workshops and studies on climate change with relevant institutions.

Key procedures to achieve climate change-related priority :

- Attending workshops and conducting climate change studies with relevant institutions.

The following outcomes are expected to be achieved for the priority of climate change :

- Number of conferences, workshops, climate change studies with relevant institutions.

Program of climate change-related priority :

- Policies and coordination
- Administration and Support Services

Tasks of the Ministry / Department :

- Undertaking studies that contribute to the formulation and evaluation of health policies, including issues facing the health sector periodically, and making the necessary adjustments in the light of the results of their implementation.
- Raising the efficiency of health workers.
- Establishing the bases and criteria for the adoption of continuous professional development (CPD) activities.
- Adoption, documentation and certification of CPD programmes, and hence follow-up and evaluation.
- Collecting subscription fees from service providers from all health and medical professions.
- Ensuring damages resulting from medical errors issued by a final judicial decision of the competent court or arbitration for the practice of the aggrieved provider or his heirs covered by these Regulations.
- Coordinating work between local health institutions and bodies in the public and private sectors to improve the health sector.
- Strengthening cooperation between international organizations and local institutions.
- Issuance of decisions and recommendations emanating from the governing legislation.
- Approving the Council's annual budget and submitting it to the Council of Ministers for approval.
- Any other matters or functions which the President considers to be submitted to the Council relating to the health sector.

Ministry/Department Contribution to the Achievement of the National Objectives :

- Improving the quality of health care.
- Formulating public policies for the Kingdom's health sector and develop a strategy to achieve them.
- Strengthening public-private partnerships to improve health service delivery.
- The organization and development of health work in all sectors in order to expand health services for all citizens.

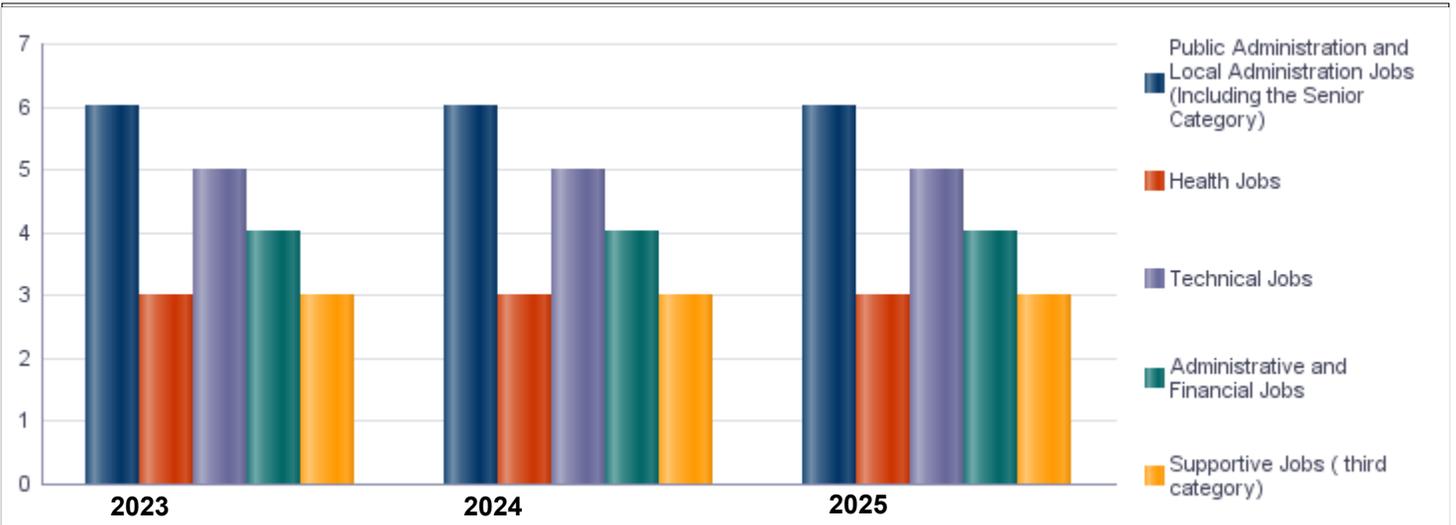

Major Issues and Challenges which face the Ministry / Department :

- Lack of administrative, technical and financial staff working in the general secretary of the Council.
- The absence of an electronic system for the medical and health liability insurance fund.
- The Council's current location is inadequate to the nature of the tasks assigned to the Council.

Chapter 2702 - High Health Council

6221 Program Administration and Support Services

Objective of the program :

Supervising the financial and administrative works of the Council's General Secretariate.

The strategic objective related to the program :

Strengthening the institutional and administrative capacities of the Council's secretariat.

Directorates associated with the program :

- Financial and Administrative Affairs Directorate.
- Continuing Professional Development Unit(CPD).
- Medical and Health Liability Errors Insurance Fund.

Services provided by the program :

- Performing the administrative and financial matters of the Council's General secretariat through the administrative and financial affairs directorate.

Program's main outputs and results during the years (2025 -2027):

- Increasing the number of the Council's staff qualified to improve their capacity to complete the work.

The Program's challenges :

- Lack of financial resources.
- Lack of human resources.

Actions to address challenges and improve services provided:

- Appointment of human cadres.
- Increasing the financial allocations.
- Increasing the number of courses and workshops.

Gender:

- Increased number of training programmes for women workers in the Council.

Staff working in the program :

The program is implemented through a functional staff in 2024 estimated with (16) staff, including (7) males and (9) females .

Chapter 2702 - High Health Council

6222 Program Policies and Coordination

Objective of the program :

- Contributing to the formulation and implementation of health policies through the Council's health committees.
- Raising the efficiency of health workers.

The strategic objective related to the program :

- Improving the quality of health services provided to the health sector through working systems.

Directorates associated with the program :

- Technical Affairs, Studies and Research Directorate.
- General Secretariate of the Council.

Services provided by the program :

- Performing the technical matters of the Council's General Secretariat through the General Secretariate and Technical Affairs Directorate, Studies and Research.
- Following up and evaluation of continuing professional development programmes (CPD) through the Directorate of Continuing Professional Development.
- Following up the collection of contributions from the Medical and Health Liability Insurance Fund.

Program's main outputs and results during the years (2025 -2027):

- Involving more medical and health providers in the Medical and Health Liability Insurance Fund.
- Issuance of certificates of satisfaction with medical laboratory practitioners and supporting medical professions;
- Automation of the Continuous Professional Development System (CPD) and the Medical and Health Liability Insurance Fund.

The Program's challenges :

- Lack of financial resources.
- Lack of human resources.
- Inadequate current residence.

Actions to address challenges and improve services provided:

- Increasing the financial allocations.
- Recruitment of human resources.
- Finding a suitable place for the Council (such as renting a building).

Gender:

- Gender is applied in this programme through the assumption of managerial and supervisory positions by a number of females.
- Participation in courses and programmes on gender, youth and persons with disabilities.

Staff working in the program :

The program is implemented through a functional staff in 2024 estimated with (5) staff, including (3) males and (2) females .
