

Chapter : 3601 Integrity and Anti-Corruption Commission

Creation : Anti-Corruption Commission was established under law No. (62) for the year 2006 and commenced its work on 19/3/2007. In 2008, the Ombudsman Bureau was established under law No. (11) for the year 2008, and as a complement to comprehensive reform process and consolidation of transparency, fairness, justice and integrity principles, the law No. (13) for the year 2016 was approved and by which a comprehensive control entity was established under the name of Integrity and Anti-Corruption Commission to replace the Anti-Corruption Commission and the Ombudsman Bureau and the new Commission commenced its work on 16/6/2016.

Vision : A national anti-corruption and impartial environment.

Mission : Strengthening the system of national integrity, law enforcement, prevention and reduction of the effects of corruption at the national level in accordance with global best practices, thus establishing a national environment against corruption.

Legal Framework : Integrity and Anti-Corruption Law No. (13) for 2016 and amendments thereto.

Priorities and targeted results within the determined ceilings for the years 2025 - 2027 :

First Priority :

- Promoting integrity and prevention.

Key procedures to achieve the first priority :

- Follow-up on the results of the National Integrity Index to measure the compliance of a group of government agencies with national integrity standards.
- Completion of the stages of the annual plan for corruption risk studies within the target sectors.
- Holding awareness-raising meetings with (religious bodies, civil servants, university professors, teachers, educational supervisors, school and university students) in the field of promoting integrity and combating corruption.
- Working on the development of the national integrity index and its methodologies.
- Implementing some activities and activities in cooperation with the private sector and civil society in the field of integrity and fighting corruption.
- Pursuing compliance with good governance standards in the private sector.
- Dissemination of awareness-raising messages, including dissemination of women's private messages, through all available means, as well as dissemination of religious messages that renounce corruption.

First Priority Outcomes :

- Activating the national integrity system and ensuring compliance by the public administration.
- Promoting the efficiency of preventive work against corruption.

First priority-related program :

- Integrity and anti-corruption.

Second Priority :

- Law enforcement.

Key procedures to achieve the second priority :

- Receipt, examination and sorting all complaints, intelligence and complaints received by the Commission by all means of electronic and paper receipt and personal attendance within the Authority's qualitative competence and in full confidentiality.
- Investigating the Commission's investigative files relating to public administration and the private sector.
- Examining complaints received by the Commission and taking appropriate action in accordance with the Integrity and Anti-Corruption Act.
- Receipt and proper handling of requests for protection received by the Commission.
- Conducting parallel financial investigations in all cases of money-laundering received by the Commission.

Second Priority Outcomes :

- Promoting the efficiency of investigation and complaints management and development.
- Strengthening the management of local and international strategic partnerships.

Second priority-related program :

- Integrity and combating corruption.

Third Priority :

- Institutional capacity building.

Key procedures to achieve the third priority :

- Developing the main infrastructure and servers in the Commission as planned, computing the systems operating in the Commission, computing the models needed for the work of the Commission and linking them to the working sequence.
- Implementation of a series of training programs and workshops by the Training Section in order to improve the performance and efficiency of staff.
- Implementation of a range of training programs and workshops by the Center for Innovation and Training and studying all creative ideas received by the Center
- Preparation of development studies with a view to improving institutional performance and preparing development initiatives that will enhance the quality of institutional performance in the Commission.
- Preparation of reports on the quarterly achievements of all the Commission's work for the purposes of supporting the resolution.

Third Priority Outcomes :

- Institutional and human capacities development.

Third priority-related program :

- Administration and Support Services.
- Integrity and combating corruption.

Priority of gender, youth and persons with disabilities :

- Promoting cooperation fields with the Higher Council for the Rights of Persons with Disabilities.
- Involving the female employees in the internal and external training programs.
- Taking into consideration gender through holding awareness programs.
- Involving female staff in the preparation of operational and operational plans and increasing their participation in the standing and temporary committees.

Key procedures to achieve the priority of gender, youth and persons with disabilities :

- Implementing the Executive Authority's Plan for Women's Empowerment, which is in line with the Executive Plan and the National Women's Strategy, and achieve gender-related objectives.
- Integrating women's empowerment concepts into the strategic and operational plans of UN-Women.
- Special paths are equipped for persons with motor disabilities.

The following outcomes are expected to be achieved for the priority of gender, youth & persons with disabilities :

- Promoting the participation of female staff in all areas, including training and awareness-raising programmes, committees related to persons with disabilities and women's empowerment committees.
- No person with disabilities shall be excluded from applying for and competing for any vacancy in the Commission commensurate with his scientific qualifications and practical experience in the event that the disability does not preclude the performance of his functions.
- Empowering persons with disabilities to carry out their mandated tasks.
- Promoting communication and coordination with the Supreme Council for the Rights of Persons with Disabilities in order to ensure that the Commission seeks to strengthen its services to this segment in a manner appropriate to them and on an ongoing basis.
- Equal opportunities in gender appointments.

Priority-related program of gender, youth and persons with disabilities :

- Administration and Support Services.
- Integrity and combating corruption.

Priority of climate change :

- Promoting the use of solar energy.
- Promoting the use of hybrid cars and electric cars.
- Supporting the contribution to the recycling process.

Key procedures to achieve climate change-related priority :

- The use of solar cells to utilize solar energy in the production of the electricity needed for the completion of the Commission's work.
- Use of hybrid and electric vehicles to reduce fuel consumption and to reduce vehicle gases.

The following outcomes are expected to be achieved for the priority of climate change :

- Preserving environment cleaning and reducing environmental pollution.
- Limiting the environment-polluted gases emission.

Program of climate change-related priority :

- Administration and Support Services.

Tasks of the Ministry / Department :

- Activation of national integrity system.
- Awareness and corruption prevention.
- Devotion of law enforcement.
- Ensuring the right of those affected by decisions, actions, practices or omissions of public administration to lodge a complaint against them.

Ministry/Department Contribution to the Achievement of the National Objectives :

- Activating the national integrity system and establishing the principles and standards of integrity in order to find a national anti- corruption environment
- Preparing the national environment for participating in fighting corruption through the national awareness for society, institutions and individuals.
- Preventing corruption by eliminating its origin, isolating, encircling and limiting its impacts through effective proactive actions.
- Devoting the enforcement of integrity and anti corruption law as a basis for the rule of law

Major Issues and Challenges which face the Ministry / Department :

- Prevalence of nepotism and favoritism.
- Weak public awareness of the real role of the Commission within the overall system of fighting corruption.
- Centralization of the Commission and non-existence of branches in the Kingdom's governorates.
- Lack of human resources.
- Limited ability to strengthen the financial and administrative authority's independence as a watchdog in accordance with international practice in this area.

6361 Program Administration and Support Services**Objective of the program :**

Providing all supportive financial and administrative services for all the Commission's directorates.

The strategic objective related to the program :

Strengthening the national integrity system through enhancing the investigation procedures in corruption issues and grievances to strengthen the prevention of corruption.

Directorates associated with the program :

- Directorate of Human Resources and Services.
- Directorate of Financial Affairs.
- International Cooperation Unit.
- Directorate of Institutional Development.
- Internal Control Unit.
- Information, Communication and Public Relations Unit.
- Secretariat of the Council.

Services provided by the program :

- Providing appropriate infrastructure for staff.
- Organizing all the Commission's administrative and financial issues and related data.- Increasing and developing human resources efficiency.
- Holding workshops.

Program's main outputs and results during the years (2025 -2027):

- Providing tools and resources for the implementation of the Authority's projects and initiatives.
- Developing clear policies and procedures for staff recruitment and training.
- Improving the working environment by providing professional services that support staff and achieving the highest levels of performance.

The Program's challenges :

- Lack of specialized personnel.
- Limited financial resources.
- The Commission's centrality and lack of branches in the governorates.

Actions to address challenges and improve services provided:

- Provision of advanced training programmes and qualification courses for staff, particularly in the areas of investigation and information technology, human resources and financial management.
- Strengthening cooperation with the Government to increase financial allocations and develop effective mechanisms for the management of financial resources and prioritization.
- Developing rapid and flexible mechanisms to adapt to changes.

Gender:

The program aims to involve women employees of the Commission in the training programmes offered by the Commission and the committees and task forces formed by the Commission in line with the objectives of the Women's Empowerment Plan 2024 and empower women employees to assume supervisory and leadership functions and participate in the preparation of the executive and strategic plans of the Commission.

Staff working in the program :

The program is implemented through a functional staff in 2024 estimated with (126) staff, including (64) males and (62) females .

Appropriations directed for females and child**(In JDs)**

6362 Program Integrity and Anti-Corruption

Objective of the program :

Strengthening the national integrity system and corruption prevention and enforcing law in corruption-related cases.

The strategic objective related to the program :

Strengthening the national integrity system through upgrading the investigation procedures in corruption issues and grievances to enhance the prevention of corruption.

Directorates associated with the program :

- Liaison Officers' Unit.
- Whistle-blowers, Witnesses, Informants and Experts Protection Unit.
- Directorate of Legal Affairs.
- Directorate of Integrity and Prevention.
- Technical Unit.
- Directorate of Investigation.
- Operations Unit.
- Innovation and Training Centre.
- Directorate of Digital Support.
- Directorate of Settlements and Recovery of Funds.
- Financial Investigation Unit.
- Inspection Unit.
- Central Bureau Unit.
- Information Unit.

Services provided by the program :

- Strengthening integrity system and making sure that administrations adhere to integrity standards based on law, transparency, accountability , opportunities equality.
- Awaring citizens of the negative impacts of corruption on the economic, social and political development.
- Treating grievances by facing public administration in terms of its decisions or procedures or practices or refraining from them.
- Recieving complaints and enforcing law in competent cases.
- Providing protection for informants, witnesses, reporting persons, experts and their relatives in coorruption cases.

Program's main outputs and results during the years (2025 -2027):

- Awareness-raising campaigns aimed at raising awareness among public officials and citizens about the importance of integrity and the risks of corruption.
- Engaging the private sector in integrity and anti-corruption initiatives through the development of guidelines and standards of ethical conduct.
- Increased confidence in public institutions.
- Effective application of accountability mechanisms contributes to improved governance, ensuring that laws and policies are implemented in a transparent and fair manner.

The Program's challenges :

- Weak public awareness of the importance of integrity and combating corruption.
- The prevalence of the phenomenon of nepotism and favoritism.
- Corruption-related investigations can be complex and time-consuming, requiring the collection of evidence and testimony from multiple sources.

Actions to address challenges and improve services provided:

- National awareness-raising campaigns on the dangers of corruption and the importance of integrity in society.
- Adopting modern digital systems that facilitate the detection of corruption and improve oversight management.
- Strengthening accountability mechanisms within government institutions to enshrine law enforcement.

Gender:

The programme is developing gender-responsive databases and business models and working on the Comomission's Executive Plan for Women's Empowerment 2024, which is in line with the Executive Plan and the National Women's Strategy, and enhancing the participation of female staff in all areas such as training and awareness-raising programmes, as well as integrating women's empowerment concepts into the strategic and operational plans of the Commission.

Staff working in the program :

The program is implemented through a functional staff in 2024 estimated with (157) staff, including (115) males and (42) females .

6362 Program Integrity and Anti-Corruption
